Carl, should I save this more recent version with Cindy's changes to the SharePoint?

Thanks,

Claudia

I made minor correction to slide 26 (Fugitives are not a part of storage tanks, dehyds and pumps)

Plus, added a red circle to 2<sup>nd</sup> emissions table showing minor sources accounting for 98% of the VOC emission from Tribal O&G VOCs.

I have also saved this to: I:\Restricted Share\U&O FIP\Communication\Tribal Consultation

Sorry all but here is another version of the slides. I deleted the two pie charts that had VOC and NOx emissions after talking with Chris and Cindy.
